

OUR PREVENTATIVE PLANS

Our aim is to provide high quality care and treatment in a relaxed, comfortable and safe environment. We are committed to continuing education and keeping abreast of advances in modern dentistry.

Research shows that preventative dentistry delivered on a regular basis greatly reduces the risk of dental disease and provides a platform for a lifetime of improved oral health. We encourage such an approach and with this in mind we have designed our dental care plans to reward loyal patients, allowing us to plan your dental care more effectively, to provide the best chance of keeping you dentally fit and to reduce the need for future treatment.

When you join one of the plans, you will have the peace of mind that all your preventative dental care will be covered by convenient monthly payments. Our plans also provide worldwide Supplementary Insurance for dental emergencies or dental injuries whilst at home or abroad (see overleaf).
